

Join Dive Rite for our second annual Dive Rite Tech Tour.

Divers can experience the complete line of Dive Rite gear including TransPacs, Transplates, wings, the Hurricane and Jetstream regulators, Nomad Expedition Rig, 905 Drysuit and LED/HID lights.

New product and O₂ptima clinics throughout the day. Open to all certified divers... come see what advanced diving gear can do for you!

www.DiveRite.com

SCHEDULE OF EVENTS

Saturday and Sunday

9 REGISTRATION

9-4 GEAR DEMOS: Available all day long. Our techs are on hand to help you with sizing and selection based on your dive needs. Please bring your own weights, tanks, mask, fins and exposure protection.

CLINICS

Option I: O₂ptima Rebreather Clinic* & In-Water Demo*

- The clinic is on-land and is open to everyone.
- In-Water demo-divers must attend the Clinic. Space is limited (please pre-register). O₂ptima demo-divers must be Nitrox-certified. Divers will experience the O₂ptima on a shallow dive with an instructor (\$25 consumables cash payment due at registration).

Option II: New Product Clinic:

- Lights: LED vs. HID technology
- Regulators: Regulators designed for advanced diving
- Accessories: New line of harness accessories
- More
