

Mayas for Ancient Mayan

MAM

Maya Antiguo para los Mayas

The Maya Hieroglyphic Renaissance

Dear Friends,

In just three months from now, the **Fourth International Conference on Ancient Maya Writing** will be held in Huehuetenango, Guatemala from July 2nd-6th, and **we need your help** to make this historic event a success! Please be sure to visit our fundraiser and contribute if you can:

<https://www.youcaring.com/discovermam>

With each passing year, our Maya colleagues have increased their expertise in reading and writing the ancient script of their ancestors, and they have expanded their outreach to many new Maya communities who have been rediscovering the rich written record of their own past for the first time. The July Congreso in Huehuetenango is the site of one of last year's successful pre-Congreso events, in which many new Maya language communities participated for the first time, and this year's theme will be **Maya Creation and Astronomy!**

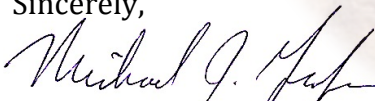

This year, YOU can be a part of this historic event!! While the Congreso is organized and run completely by Maya people for Maya people, this year they are allowing a small number of up to 20 donors to observe and participate!

For the generous donation of \$1000, at the K'ATUN level, you can accompany me to the Congreso as a MAM Patron!

For those seeking a more adventurous experience, for a Benefactor's donation of \$3000 at the BAK'TUN level, we are partnering with the Maya Exploration Center to offer you an *unforgettable* trip to join me in exploring **Copán and Quirigua, The Edge of the Classic Maya World, June 24-30, 2018**. We will also offer this trip in combination with participation in the Congreso, as well as options for two people traveling together. Please be sure to visit our fundraiser page, or email me for details at: discovermam@gmail.com.

Thank you very much for all of your support!

Sincerely,

Michael J. Grofe, President
