

resist environment deterioration.

- Calibrated demand mechanism.
- Completely adjustable first stage.
- Intermediate pressure hose offers four-to-one safety factor.
- Second stage front cover with peripherally located water ports designed to prevent free flow.
- A low silhouette purge button eliminates drag.

All these features and much more make **AQUA-LUNG® INNERSPACE REGULATORS** unmatched in diving performance and dependability.

#### CALYPSO® IV

Check all the big features of this regulator in the call-outs on the opposite page. The first stage of this regulator has been redesigned to bring the high-pressure port fitting off at a 45-

degree angle allowing you to easily install a cylinder pressure gauge without the possibility of hose kinking. The end fitting is newly designed with 3 low-pressure ports on a swivel which freely rotates under pressure for the purpose of attaching vest-filling hoses, Octopus regulators, etc. Constant reserve feature may be added by installation of the 1069 Reserve Kit. Features: Balanced stainless steel piston. One-piece yoke and body construction. The Calypso® IV is unsurpassed in breathing capability and performance. **NAVY APPROVED.**

1084 ..... \$114.95

#### OCTOPUS

The Brand New Octopus is a second-stage regulator and hose assembly which allows the diver to convert any regulator with multiple low-pressure ports to an Octopus style. Ideally suited for class instruction, cave and/or wreck diving, it is used as an emergency backup system or alter-

native to "Buddy Breathing."

1099 ..... \$48.50

#### RESERVE CONVERSION KIT (Not Shown)

Converts Calypso® IV to a Calypso® "J" regulator. This conversion can be made with standard tools in a matter of minutes.

1069 ..... \$20.00

#### SWIVEL MULTIPLE LOW-PRESSURE PORT CONVERSION FOR CALYPSO® IV & CALYPSO® "J" (Not Shown)

This kit allows the diver owning an earlier model Calypso® "J", Calypso® IV or Calypso® III regulator to upgrade his regulator with a swivel adaptor adding additional low pressure ports to his first stage.

1070-20 ..... \$15.50
