

### *What The Ultimate Diving Adventure is all about?*

All about the best,

About diving the best dive sites in the world, and not necessarily the most popular (overcrowded) dive sites.

About having the most reliable diving equipment available, be it a tropical reef or wreck dive or then under ice dive, everyone will be able to select their personal choice of equipment.

Will it be the Kirby Morgan M-48 SuperMask® with a Balanced Scuba Regulator with communication systems between the divers. Very unique and practical, the modular removable mouth pod is designed to quickly interchange allowing the diver multiple breathing gas options. The mask is also designed to accept various wireless communications configurations.

All about common sense,

The removable lower pod is a feature unique to the Kirby Morgan® M-48 Modular Full Face Masks. When diving, the pod is easily removed and replaced on the mask for diver capability to buddy-breathe, use a snorkel or an octopus or perform an "in water" gas switch. With the pod sealed to the mask, the flexible, silicone pod cover allows the diver to quickly place the regulator mouthpiece into the mouth or dive with it free of the mouth for communications. With the mouthpiece in the mouth, the regulator may be used without the pod being sealed to the mask.

- Will it be the OTS FFM with the buddy phone communication systems?
- Will it be a no communication Scuba dive, using the Legend Aqualung Elite or then Apeks MTX-R DV's?

*Top quality and reliability ratings.*

- Using the TUSA - DPV's exploring the new dive locations without limitations or any effort using the new underwater scooters to your advantage.
- BC's is by ECOTEC-S the latest tech and super comfortable but practical and reliable.
- Quality wet suits suitable for all diving conditions be it shorts or longs, or cold water dry suits with personal thermal wear. Not to be shared.
- Spear fishing including fishing equipment onboard - we will eat healthy fresh fish daily...
- Unlimited daily dives made possible by a new top brand reliable Coltri dive compressor onboard.
- Not about quantity, but quality - about unlimited quality air refills.
- Snorkeling-specific masks, snorkels, and fins

*Underwater photography and video recording equipment are available to divers.*

The best and most reliable equipment will be available to each diver for each dive.

*The Ultimate Adventure is about exploring the best dive sites without any limitations...*

*To be the best is not about being ordinary*

The diving-orientated 62 ft yacht, is not necessarily a luxury yacht but of top quality, very comfortable, safe, and very capable with proven trustworthiness in all sea conditions.

The yacht is big, fully equipped with the very best and most reliable equipment as an adventure, exploring diver-orientated sailing yacht.

Onboard the yacht,  
Private cabins with  $\frac{3}{4}$ , king/queen size comfortable beds, fully air-conditioned but most importantly each couple onboard will have their own private space.

Be it inside or outside, the yacht will not be overcrowded.

With an uninterrupted Starlink internet connection each diving couple to upload their memories to their very own social media platforms to share with family and friends.

The Ultimate Diving Adventure is not a commercial operation, nor a charter business in actual fact

The Ultimate Diving Adventure is not a business at all, but a private adventure operation.

What is so special about the Ultimate Diving Adventure?

Comparable scenario to explain the inner workings of the Ultimate Diving Adventure.

- John bought a house.
- John's house is registered in his Name.
- From now onwards John does not pay any money towards rent benefiting someone else.

What benefits does John have by owning his own house?

- John is allowed to rent out his own house for a profit, by doing so he gets an ROI when he can not utilize his house.
- John is fully and legally entitled to sell his house when and only when he wants to sell his house – John is the title deed holder as the registered owner.
- John did not loose any money.

The exact same rule applies to the Ultimate Adventure.

After all of the sailing and diving adventures and locations visited, you as a Co-Owner can walk away from being a Co-Owner and get your money back – in full, regardless of the time period.

We do what we love to do, we sail, we explore we dive without limitations.  
The Ultimate Diving Adventure is about 6 Co-Owners only.
