

MK 17 AF

Balanced Diaphragm First Stage Regulator

4350 psi (300 bar) Max Working Pressure

Intermediate Pressure Inversion

Dry Chamber

2 HFP High Flow LP Ports

MK17 AF FIRST STAGE SPECIFICATIONS

Materials

- Body** Brass, Satin Chrome Finish
- Yoke** Forged Brass
- Co-molded HP poppet** Brass / High-Tensile Technopolymer
- Orifice** AISI 316 Stainless Steel
- Spring** Stainless Steel, T.I.S. Coated

- Number of High-Pressure Ports..... Two
- Number of Low Pressure Ports..... Four
- Weight (INT)..... 30 ounces (850 grams)
- Weight (DIN200)..... 21.5 ounces (610 grams)
- HP Valve Design..... Conical
- Protection Cap..... Elastomer, DIN/Standard
- Intermediate pressure 130-142 psi (9-9.8-bar)
- Flow at 3000 psi (206 bars)..... 230 SCFM (6500 litres per minute)
