Lithium batteries with 100 watt hours or less in a device

Carry On Bags: Yes

Checked Bags: Yes (Special Instructions)

Lithium batteries with 100 watt hours or less may be carried in a device in either carry-on or checked bags. Loose lithium batteries are prohibited in checked bags. For more information, see the [FAA regulations on batteries](#). For more prohibited items, please go to the 'What Can I Bring?' page.

 *The final decision rests with the TSA officer on whether an item is allowed through the checkpoint.*
